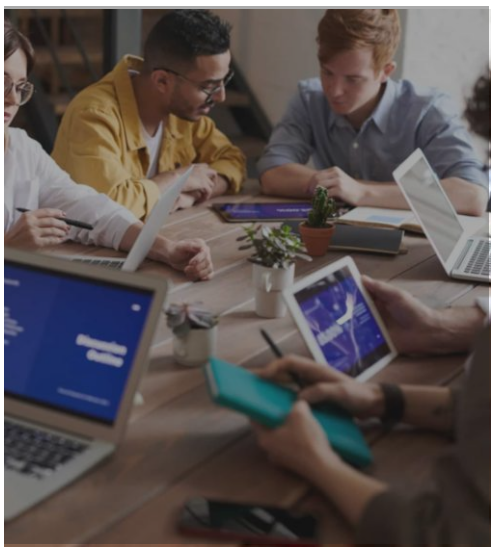
LCA Care Updates: A Journey Towards Sustainability



LCA CARE SPECIALISATION COURSE

This is an international postgraduate course, training **agri-food professionals** in Life Cycle Assessment (LCA), sustainability strategies, and environmental auditing, using practical tools and real-world case studies tailored to SMEs.
The first part explores the **Foundations of Sustainability and Life Cycle Thinking in the Agri-food Sector**, divided into 3 modules, and 12ECTS. **REGISTER HERE**!

NEXT STEPS: LCA ONTOLOGY

The next publication, set to be released soon, features an editable and scalable multilingual **LCA ontology**, which will be publicly available. Serving as the core knowledge repository for LCA, it will feed AI models and cover six languages. The ontology will include key LCA concepts, industry-specific terminology, and terms related to materials, sources, and logistics. To know more, stay tuned to our website and social media channels!
